

YOU'RE INVITED TO JOIN US FOR

Peer Group Lunch & Learn

October 3rd 11:30am -1:00pm | Free Registration

Make the most of your lunch this hour! This no cost event allows you to experience a Facilitated Peer Group, ask questions, understand the strengths and goals for the Peer Group, and meet other potential participants, before committing to it.

FACILITATED PEER GROUP CONCEPT

This idea was born after many visits with clients looking to intentionally produce breakthroughs in their existing organizations and cultures. Tapping into the collective knowledge of a peer group is powerful and this Peer Group coaches people through transition so the new beginning is quicker, and results are aligned with the new commitments made. Diversity among peer group membership supports the ability to adapt and innovate in fast-changing environment.

Groups Will:

- Be led by experienced Leader from BreakThrough Results Inc.
- Be comprised of members with similar leadership levels in non-competing manufacturing businesses
- Meet throughout the year

Elements Utilized are:

- **Skills Training**- delivering skills that enable each participant to produce dramatic results
- **Coaching**- working with people through the process. Many companies call it motivation. We distinguish it as a coaching relationship in which the participants self-generate and sustain the program for themselves.
- **Accountability**- holding participants accountable in the areas of results, training, and project deadlines.

The result? Leaders, develop, relationships deepen, collaboration is activated, and strong connections are generated.
