

SAFETY AWARD CELEBRATION

Three Rivers Manufacturers' Association (TRMA) held its Annual Dinner Event on April 20th. Presiding over the celebration was TRMA's Chair, David Kingsbury and Past Chairwoman, Erika Hendricksen.

The highlight of the event was the safety awards recognition. Industrial contractor companies, who perform work at TRMA manufacturing plants, were recognized for excellence in safety. Despite the challenge, over 40 contractor companies earned awards for their high-level of safety performance in 2022!

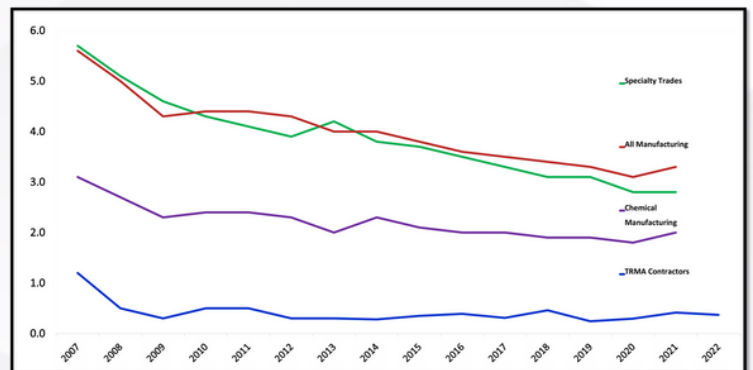

Mike Uremovich, CEO of Manhattan Mechanical Services, LLC getting up to accept the Platinum award for his company.

TRMA staff and instructors

Equally impressive is that many awardees worked all of 2022 without a single safety incident, achieving the ideal - Zero Incidents. We are very pleased to report that contractors worked 10 million hours in 2022 at TRMA member companies, & recorded an OSHA incidence rate of .37. TRMA manufacturing members prioritize safety; and their resulting safety culture is evident in their employees and their contracted workforce safety results.

Since TRMA partners with its members to offer safety training, TRMA aggregates the incident rates of its member companies. Using this combined data, the TRMA OSHA incident rate is the lowest in the country! Congratulations to all TRMA award recipients!

2022 CONTRACTOR SAFETY AWARDS

Next Generation Safety Stand-Out Award

Michael Dunbar - Stepan Chemical Company

Chairperson Award for Distinguished Safety Achievement

Wayne Bisailon - Dow, Kankakee

Platinum Award
