

A photograph of a two-lane road winding through a dense forest. The road is shrouded in thick fog, and the visibility is low. In the distance, several pairs of bright headlights are visible, illuminating the road ahead. The overall atmosphere is mysterious and potentially dangerous.

Set the headlights  
on low beam,  
and **LISTEN** for the  
traffic that cant be  
seen.

**Drive safe  
around  
fog**
