

SAFETY AWARD CELEBRATION

2020 CONTRACTOR SAFETY AWARDS

Three Rivers Manufacturers' Association (TRMA) held its Annual Dinner Event on April 21st. Presiding over the celebration was TRMA's Chairwoman, Erika Hendricksen and Vice Chairman, Randy Tatum. Erika is the Site Manufacturing Director at Dow, Inc and Randy is the Site Manager for LyondellBasell.

The highlight of the event was the safety awards recognition. Industrial contractor companies, who perform work at TRMA manufacturing plants, were recognized for excellence in safety. Despite the challenge, over 70 contractor companies earned awards for their high-level of safety performance in 2021!

ExxonMobil Joliet Refinery

Equally impressive is that many awardees worked all of 2021 without a single safety incident, achieving the ideal - Zero Incidents. We are very pleased to report that contractors worked 12 million hours in 2021 at TRMA member companies, & recorded an OSHA incidence rate of .4. TRMA manufacturing members prioritize safety; and their resulting safety culture is evident in their employees and their

contracted workforce safety results.

Since TRMA partners with its members to offer safety training, TRMA aggregates the incident rates of its member companies. Using this combined data, the TRMA OSHA incident rate is the lowest in the country!

Congratulations to all TRMA award recipients!

Partnership Award

AmSty
Aux Sable Liquid Products (Pembina)
Canal Terminal Company
Citgo Petroleum Lemont Refinery

Dow, Inc. - Kankakee
DuPont Company - Wilmington
ExxonMobil Joliet Refinery
LyondellBasell Industries
