## PLANT ENTRY REQUIREMENTS

Familiarizing yourself with plant entry requirements will allow for a smooth and safe entry into each plant your company works out at.

As of **September 1, 2023**, LyondellBasell transitioned to Safety Essentials (SE-SAFE) as the contractor safety orientation required for entry to their facility.

Learn more about this change and delivery options such as remote training by clicking the button below.

For more information regarding any plant entry requirements, reach out to the TRMA team at 815-744-3884 or [training@trma.org](mailto:training@trma.org).
